Hunt Update

Back to School Thoughts...
It won't be long!

Consider a "Last Blast of Summer" treat. Implement school day routines EARLY – start rolling back that bed time and wake time. Read every day.

Remind kiddos that everyone's nervous on the first day and that a new year means a clean slate.

Ask your child's teachers the best way to contact them. Note? Email? Voicemail? Find out which websites and apps are used in the classroom and which are preferred for homework help.

School will be starting before you know it! Practice the walk or bike ride to school or the bus stop and remember to slow down for distracted kids!

Maintenance

Grill Cleaning and Maintenance Tips

There's a lot of grilling weather ahead of us. Here are a few tips:

- Clean flame tamers using a wire brush to remove debris
- Clean burners with a wire brush paying particular attention to port areas – where the gas comes out. Clean delicate ceramic burners by turning on for 10 minutes to burn off debris.
- Brush grates routinely with a dry wire grill brush with the burners turned off. For charcoal grills, sprinkle water on grill brush to steam clean the hot grate.
- Inspect fuel lines on gas grills. Brush soapy water along connections. If bubbles form when gas is turned on, tighten connections or replace lines.
- Clean lids with dishwashing liquid and water. Dry with paper towels.
- Keep kids and pets away from grills. Adult supervision required!
- Store LP tanks upright in a secure area, not in vehicles.
- Ensure lid is OPEN when lighting a gas grill.
- Don't grill near structures, overhangs, fences or trees.
