1. INTRODUCTION

About Residential Communities Initiative (RCI)

RCI enables the Army to leverage Service Members' BAH and government contributions to attract private capital and expertise to improve military family housing. The Department of the Army planned and implemented the program, policies and procedures for the transition to the selected private-sector partner. East Army Properties (EAP) was selected as the partner at Fort Lee. We are the 36th Installation to privatize.

About Fort Lee Commonwealth Communities LLC

The U.S. Army and EAP formed a partnership called Fort Lee Commonwealth Communities, LLC (FLCC), which assumed ownership and management of Fort Lee's family housing effective September 1, 2007. EAP is the managing partner of the project.

About EAP

East Army Properties is a joint venture comprised of three private companies: Hunt Building Company of El Paso, Texas; Pinnacle, An American Management Services Company of Seattle, Washington; and Falcon Properties of Plymouth Meeting, Pennsylvania. The joint venture was formed with the express intent of providing the U.S. Army with the expertise and resources to successfully plan, finance, develop, construct, and manage the Fort Lee family housing community.

2. RESPONSIBILITIES AND DUTIES

2.1 Landlord Responsibilities

Landlord agrees to maintain all electrical, plumbing, heating, ventilating, air conditioning, appliances and other facilities and common areas in good and safe working condition, subject to the covenants and duties undertaken by Resident(s) below. Landlord further agrees to comply with all applicable building and housing code requirements governing residential rental property in the State of Virginia.

2.2 Resident Responsibilities

Resident agrees to keep the Premises clean and safe; to use all electrical, plumbing, heating, ventilating, air conditioning, appliances and other facilities and common areas in a reasonable manner; to conduct himself and herself, and require guests and other invitees to conduct themselves, in a manner that will not disturb other residents' peaceful enjoyment or cause annoyance to other residents; to take care not to intentionally or negligently destroy, damage or remove any part of the Premises, nor permit any member of the Resident's family, any guest or other person to do so; to abide by all rules, responsibilities and regulations imposed by the Landlord; to comply with all applicable laws.

3. GENERAL INFORMATION

3.1 Conditions of Occupancy

The resident will use the premises solely as a single-family residence for the military sponsor and qualified family members. The use of the home for any other purpose, including shelter for any additional persons is prohibited without approval from the Property Manager. Please refer to 8.16 Guests and Visitors for information on how to gain approval for your guests and visitors.

3.2 Insurance

FLCC will provide renter's insurance to all residents until January 31, 2018. The current policy covers personal property insurance, personal liability insurance and is subject to a deductible. Please refer to the current policy for details. FLCC recommends that residents consider purchasing additional insurance to provide enhanced coverage for their personal property. The personal property portion of the renter's insurance only covers the depreciated value of items and not replacement value. Residents can access insurance coverage information and claim forms at www.fortleefamilyhousing.com.

3.3 Landscaping

Standard landscaping maintenance services, including mowing, edging and leaf removal, will be provided by FLCC in the family housing common areas and unfenced yards of all residences on a designated schedule in order to provide all residents an aesthetically appealing community.

Residents will be responsible for turf mowing, trimming and clipping removal (if necessary) to FLCC specifications of all fenced back yards. In the event that a resident does not maintain their fenced back yard to FLCC standards, the fencing may be removed and the resident will be charged for any lawn maintenance services performed in these areas to restore the yard to proper aesthetically appealing conditions.

In order to conserve natural resources and contain utility costs, the frequency and duration of watering lawns and plantings by residents may be restricted. When watering restrictions are necessary, a schedule will be published in the Community Newsletter outlining the schedule for each housing area. All residents are required to adhere to the published schedule during times of watering restrictions.

3.4 Lease

Each resident will sign a Lease with Fort Lee Commonwealth Communities, LLC prior to moving in. In order for a spouse to sign the Lease, a “special power of attorney” is required since the Lease starts an allotment to FLCC in an amount equal to the Service Member’s BAH.

3.5 Maintenance Requests

All maintenance requests should be reported to the designated Neighborhood Center. Contact information for the neighborhood management offices is available in section 3.6 Office Hours and Locations. The locations can also be located at fortleefamilyhousing.com.

Residents may enter maintenance requests in the following manner; by telephone to their local neighborhood center, by walk-in office visit & by internet at fortleefamilyhousing.com.

After normal office hours, FLCC utilizes a professional maintenance call center, manned by maintenance-qualified operators that residents may call to place any maintenance request (including emergency needs) or leave messages for the office staff for the next business day. Please dial 804.733.1558 and press 3 to access the third party maintenance call center. When the maintenance call center receives an emergency call, the operator will first verify that the resident has placed calls and spoken with appropriate emergency responders such as

fire, police, or medical assistance. An emergency requiring maintenance response will generate an immediate contact by the operator with FLCC on-call resources to initiate emergency maintenance service.

FLCC provides 24-hour emergency maintenance service. Emergency work orders take priority over all other work orders because they require immediate action. FLCC personnel will respond promptly, either by telephone or in person, to confirm the classification of emergency maintenance requests and establish priorities for addressing multiple emergencies. At this time a service request number will be issued for tracking purposes. The following situations are examples of the classification of requests, but are not limited to these situations only.

- Emergency Maintenance Requests – Response Time not longer than 1 hour

An emergency is any conditions that may constitute an immediate threat to life, mission, security or property. These requests are responded to within one hour and handled immediately.

Examples: loss of heating (when exterior temperature is below 50 degrees); loss of air conditioning (when exterior temperature is above 85 degrees); sewerage back-up; electrical hazards; inoperable exterior door lock; broken water line; flooding; Fire and natural gas leaks should be reported to 911 immediately and then reported to the management office.

* Other requests may be considered an emergency if the resident in the home has an approved medical exception form from EFMP Coordinator or Medical Professional.

- Urgent Maintenance Requests - Response Time not longer than 4 hours
Conditions that could become an emergency if not addressed or that impact critical living conditions as listed below. These requests will be responded to within four hours of the request during normal business hours and within eight hours outside of normal business hours.

Examples: range/oven failures that prevent resident from cooking; refrigerator failure that could result in food spoilage; water heater failure; inoperable toilet; broken window; garage door jammed or inoperable; light fixtures, switches, or receptacles not working.

- Routine Maintenance Requests – Completion Time not longer than three business days after initial response.
Normal or routine maintenance requests that do not meet the category of emergency or urgent.

* Residents should inform the person taking the maintenance request if there are any verifiable medical conditions that will be aggravated by conditions in the home related to the request.

Residents are encouraged to contact their respective Community Manager if there are any questions concerning any maintenance issues.

Residents are encouraged to complete and return Maintenance Rating Cards each time that maintenance is performed.

A false trip charge of \$20 will be incurred when a Maintenance Technician responds to the following situations:

- When access is denied to the home for scheduled AM/PM Routine Maintenance appointments.
- When an Emergency Maintenance Request is falsely reported.
- When access is denied to the home for scheduled Preventative Maintenance.

To avoid a false trip charge, contact your Resident Relations Specialists 2 hours prior to the scheduled appointment. For example, if you have a PM appointment (1:00pm – 6:00pm), you will need to contact your Resident Relations Specialists by 10 am the same day. If you have an AM appointment (8:30am – 12:30pm), you will need to contact by 3:30pm the day prior to the appointment.

3.6 Office Hours and Locations

Normally, management offices will operate from 8:30am until 5:30pm Monday through Friday. The Sisisky Welcome Center will have additional hours Saturday from 9:00am until 12:00pm. 3.7 Privacy Policy

No resident information will be released to third parties, unless requested in writing by the Resident, except for rental verification/history, credit-reporting purposes, or when required by law.

3.8 Rent/Basic Allowance for Housing

Each Service Member receives BAH monthly, based on their rank and family status. At the time of move in, the Service Member must establish an allotment to FLCC with the Defense Finance and Accounting Service (DFAS). Marines, Active Reserve, National Guard and Coast Guard Service Members are required to complete DD form 2558 for the allotment to begin. If the Service Member is unable to establish an allotment due to DFAS or third party processing service limitations, the Service Member will be required to pay their monthly rent to the management office by check or money order by the first of each month.

Resident shall not be in default by reason of FLCC's failure to receive a BAH payment due to an error or delay caused by the military, as long as the appropriate military authority provides written acknowledgement of this error or delay within 5 days of the payment date and the default is cured within 30 days, unless extended by FLCC upon the written request of the Army.

4. MOVE-IN / MOVE-OUT RESPONSIBILITIES

4.1 Move-In Inspection

The resident and a FLCC's representative will inspect the house together and complete a Move-In Report verifying the condition of the home upon move-in. Cosmetic discrepancies will be noted on the condition form and the resident will not be held responsible for these at move out. After a thorough inspection of the home, the resident shall provide written acceptance of the Premises "as is". Any condition found that merits follow-up correction by FLCC after move-in should be reported as a maintenance request.

4.2 Termination/Vacate Notice

FLCC requires a written 30-day notice of intent to vacate prior to vacating the home, including at the end of the lease term. **Service Members are required to provide PCS orders to the management office within 72 hours from the time they are received from the Army.** Permanent change of station (PCS) orders or discharge from active service with less than 30 days notice will be excused from this policy. Residents must obtain the notice to vacate form from a Resident Relations Specialist who will explain the move-out process.

We recommend that you visit transportation and coordinate the relocation of your household goods before submitting your Notice to Vacate date in order to limit changes in your move out date. Any changes that occur will result in a cancellation of your original 30 day notice and new written 30 day notice must be submitted effective the date of the change.

4.3 Residents are requested to visit the neighborhood management office to deliver their notice of intent to vacate in order to coordinate terminating the Service Member's BAH allotment, scheduling the move-out inspection and providing forwarding address information.

4.4 Cleaning Requirements (Vacating Quarters)

The Resident is responsible for leaving the home with no damage (unless noted on the Move-In report), normal wear and tear accepted, in a broom-clean condition and free of any trash or personal items. Broom clean condition means that a home is clean throughout – all surfaces wiped down and all flooring has been swept or vacuumed prior to the move-out inspection. The following outlines the cleaning requirements by room:

3. All cabinets, drawers, shelves, cutting boards and countertops must be wiped down and all shelf paper removed;
4. Sinks and faucets must be wiped down;
5. Dishwasher shall be emptied.;
6. Hood above stove should be wiped down; and
7. Floors need to be swept or vacuumed.

Bathroom

1. Tile, tub and shower should be wiped down and free of mildew and mold;
2. Toilets and sinks should be wiped down and free of mildew and mold;
3. All cabinets including medicine should be emptied;

Any work not completed by the resident will have to be completed by the maintenance staff or a contractor and will be charged back to the resident. A damage cost estimate sheet, outlining the standard costs to clean or repair homes left dirty or damaged beyond normal wear and tear is maintained in all FLCC management offices.

4.5 Normal Wear and Tear

Repairs to the home or repair or replacement of equipment provided by FLCC due to normal wear and tear will be at FLCC's expense. The cost of repairs or replacements, resulting from damage in excess of normal wear and tear, will be the responsibility of the resident. A damage cost sheet will be attached to your Notice To Vacate.

4.6 Move-Out Inspection

At the time Notice to Vacate is received, a move-out inspection can be requested by the resident. We encourage sight unseen inspections for your convenience.

5. CARE OF HOMES

5.1 Alterations to Landscaping

Residents must obtain written permission from FLCC prior to starting any alteration or modification to the grounds around their home. This includes, but is not limited to modifications to the landscaping, patios and walkways, fencing, or installing shrubbery, flowers or vegetable gardens. All non-standard garden areas installed by Resident must be returned to their original condition prior to termination of occupancy. This includes the installation of sod in all areas that have been altered. Any new sod must be of the same variety and species as the surrounding area.

5.2 Exterior Condition/Appearance

- ~ Resident will be responsible to contact Miss Utility to confirm utility lines/wiring
- ~ Residents will be responsible to maintain landscaping inside of fenced area
- ~ Purchased fences in good condition may be left in place at time of move out. Request to leave fencing must be made prior to move out and approved.

5.4 Interior Maintenance

Written permission must be received from FLCC prior to starting any alteration or modification to the home, including but not limited to modifications to electrical, plumbing, lighting, telephone and cable systems. Should painting, wallpapering, stenciling or other changes to wall surfaces be approved, the wall must be returned to the original condition prior to move-out.

Nail hangers or screws may be used to mount pictures and curtain rods. DO NOT use the adhesive hangers, since they may damage the sheetrock or plaster on the walls.

Although FLCC agrees to comply with the above requirements, failure to do so will not be grounds for Resident's termination of the Agreement unless Resident has given FLCC written notice of the defective condition and FLCC has failed to remedy the condition within 21 days. Resident may not terminate the Agreement if Resident, a member of Resident's family or some other persons on the Premises with Resident's consent intentionally or negligently causes the defective condition. Such defective conditions will be repaired at Resident's expense.

5.8 Maintenance Request Procedures

Residents have the option of calling their local neighborhood center, contact information can be found in section 3.6 of this document, to submit maintenance requests. They can also visit the neighborhood center to hand-deliver requests or report the request on-line at fortleefamilyhousing.com. At the time the maintenance request is made, FLCC will ask for permission to enter the resident's home without the resident being present. Residents may grant permission for maintenance technicians to access the home for the purpose of completing the maintenance request while family members are not home except for emergency and urgent work orders where permission to enter is automatic. If permission to enter is received, FLCC personnel will strive to handle all maintenance requests within the timeframe listed in section 3.5 of this Guide. (some linoleum flooring may also contain asbestos material.

It is Management's goal to provide you with a safe and sanitary dwelling, and your help is needed to achieve this goal. It is necessary to keep the asbestos from becoming damaged. Following is a list of prohibited activities that may disturb asbestos-containing materials. Please refrain from doing any of the activities mentioned.

DO NOT drill holes in walls, ceiling or floors.

DO NOT hang plants or other objects from the ceiling.

DO NOT sand or remove the linoleum floor.

DO NOT use any ordinary vacuum to clean up asbestos-containing debris.

Notify Management immediately if you notice any debris you suspect may contain asbestos.
