FORT LEE INSIGHTS
NEWS & STORIES

HAPPY INDEPENDENCE DAY!

Our CEO's Message

Dear Residents,

This month we will celebrate Independence Day on the Fourth of July, and I hope your families enjoy some well-earned time off with your loved ones, along with all the customary barbecue's and fireworks displays. Hunt Military Communities wants

to thank you and your families for the many sacrifices you make for our freedoms and way of life.

Many of our residents will PCS this summer and we will be welcoming those families to Hunt Military Communities. We have recently chosen new Pillars of Excellence that are the foundation to how we run this company and serve each of you.

Excellence, Accountability, Integrity, Continuous Improvement, and Customer Commitment.

Our goal is to provide you with the very best living experience at each step of your journey in our communities. We are committed to continuous improvement by raising the bar with our management and fiduciary obligations of military housing projects.

Wishing you all a safe, happy, and healthy holiday!

Semper Fidelis,
Brian Stann

July's Employee Spotlight

Wyatt Wilson

Wyatt is a Porter here at Fort Lee Family Housing. He loves to work and loves to play games. What he loves the most about working at Fort Lee is being available for anyone that has a job or a task that needs to be done.

Maintenance Corner

As we are well into the summer months, with Temperatures and Humidity levels at high levels, we must ensure that all windows stay closed and locked. This will keep humidity from entering the home and mixing with cold air from the HVAC system. When this occurs it causes excess moisture in the air that can cause an environmental issue inside the home in HVAC vents, duct work, ETC. Also in the summer months be aware of items stored in outside storage closets, and garages, as these areas are not air-conditioned spaces. Clothing, Furniture, Fabric materials, and cardboard can collect moisture, and with added heat, can cause environmental concern. Items in these areas should be kept in plastic storage containers with lids to prevent moisture from wicking into such materials.

Routine maintenance work orders can be entered on the Hunt Resident mobile app. For more information or instructions on how to enter them, contact your local Resident Services Specialist.
