

COMMUNITY DIRECTOR UPDATE

NOVEMBER 1, 2026

COMMUNITY NEWS

Fort Lee Family Housing hosted our annual Pumpkin Patch for the month of October. On October 8th, Washington Grove and Jefferson Terrace Neighborhoods came out to enjoy the festivities. Then on October 15th, Adams Chase and Valor Circle had their share of the fun.

We had hundreds of pumpkins for the residents to decorate, hamburgers and hotdogs, variety of snacks and treats, apple cider, games, and just an overall amazing time. We love to see the smiling faces of our residents and their families during this time of the year!

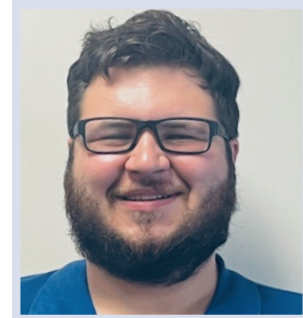

MAINTENANCE TIPS

Test the heater: Turn on your heating system to ensure it runs smoothly and heats all rooms evenly.

Clear air vents: Move sofas, rugs, or curtains away from registers and radiators so warm air circulates freely.

Reverse ceiling fans: Flip the small switch on your ceiling fan so the blades spin clockwise on a low speed to push warm air back down into the room.

Inspect for drafts: Feel around window frames and door thresholds for cold air leaks.

TEAM UPDATE

We're excited to welcome Donevan Knight, our new Maintenance Technician I, to the Hunt community!

When he's not keeping our community running smoothly, Donevan enjoys working on cars and riding his motorcycle. Please join us in giving Donevan a warm welcome to the Hunt family!

REVIEWS & TEAM UPDATE

RESIDENT REVIEWS ★★★★★

"I want to say a huge thanks to the Adams Chase Maintenance team! I believe I had Brandon who installed my dishwasher. He was very professional, explained everything he was going to do, wheeled the old and new dishwasher. I really appreciate the super fast response time! I can't think of another time where I had this fast of a response in my 17 years in the Army. You should be really proud of the team you guys have. Thank you again!"

"Paul and his colleague were the up most professionals and took care of everything."

"Just had a wonderful encounter with Maintenance personnel, Ro and Chris. Ro conducted our Preventative maintenance inspection, while I was in briefings and unable to attend. My wife kept me informed that she was very nice, respectful, thorough and extremely helpful. She went out of her way to ensure that her job was done to the absolute best. My wife made a couple of comments about issues that we just kept to ourselves because past experiences left us jaded about getting help with from previous housing maintenance teams at other installations (i.e. flickering light bulbs). Now my entire home has brand new light bulbs and is brighter than it was when we moved in. We just got done getting our heater worked on by Ro and Chris and now our heater is working better than ever. It started getting cooler here at Fort Lee and so we were trying to get our home ready for winter and look at getting the heater going but were having issues. Ro and Chris came by and took a look and saw that it needed a new part, so they went and got the part and came back just a few minutes later and got the part installed and the heater running. Ro showed us the part she had replaced and Chris explained the purpose of the part to us. They were extremely nice and hospitable and very friendly. Probably the best on-post housing experience with maintenance we've had in my entire military career."

"Ms. Rhonda was phenomenal. She is a true professional who absolutely cares for Soldiers and their families. She is trustworthy and considerate. She provided my family with exceptional service since our arrival in July 2023, and without a doubt she helped to make my transition from family housing for retirement one less problem to worry about. Thank you Ms. Rhonda."
